

Letters to the Editor

Editor:

Please accept our sincere thanks and appreciation for allowing us to use the information on illegal aliens that was contained in [the Spring 1993 issue of] *The Social Contract*.

We wish you and your organization every success in continuing to inform our citizens of the many problems connected with illegal immigration into the United States.

Thanks again.

Very truly yours,
Thomas J. Dalton, Chairman
Human Services Committee
1992-1993 Orange County (CA)

Editor:

Your Spring 1993 edition is excellent. The mix of truly scholarly research and notes from activist Barbara McCarthy in the field of immigration reform is the best that I have seen. I deeply appreciate your efforts...

I have made copies of your section on crime and sent it to police officers in [several cities in California]. Please keep up the good work.

Sincerely,
Stan Hess

You have to be joking ... to PAY for your propaganda!
Good luck elsewhere.
